## About the Current Research in MRI

Current Research in MRI is a peer reviewed, open access, on-line-only journal published by the Turkish Society of Magnetic Resonance.

Current Research in MRI is a triannual journal that is published in English in April, August, and December.

### Indexing

Current Research in MRI is covered in the following indexing database;

- EBSCO

All content published in the journal is permanently archived in Portico.

### Aims, Scope, and Audience

Current Research in MRI aims to publish studies of the highest scientific and clinical value. It also encourages the submission of high-quality research in the field of radiology.

Current Research in MRI covers a wide range of topics related to radiology.

Current Research in MRI publishes original articles, reviews, case reports, and letters to the editor that are prepared in accordance with ethical guidelines.

The target audience of the journal includes healthcare professionals, physicians, and researchers who are interested in or working in the field of radiology.
